

AUTHOR VISITS WITH AWARD-WINNING AUTHOR & ILLUSTRATOR **BETHANY BARTON**

Bring non-fiction to life in your classroom with the colorful and hilarious books of award-winning author and illustrator Bethany Barton. Suitable for grades K-6th, Bethany's presentations bring creepy-crawly spiders and buzzy bee facts to life with images, costumes, props, and even soggy toast (seriously! It's educational!) She'll also catch your students in an unforgettable toilet paper spider web. Your students will have a chance to learn about researching and writing non-fiction, discuss facing their fears using knowledge and humor, and explore creative new ways to see the world around them.
